# Beginner Band: YOUR FIRST SCALE!

Here are three of our beginner notes for band. When we learn these notes, we can play some fun songs like Hot Cross Buns and Merrily We Roll Along:

1

B-Flat    C    D

Let's play our first SCALE using these notes. This is a Three-Note Scale that goes up, and then down. There is a whole rest in between each note so you can set your fingers properly for the next note.

2

Now, let's practice this three-note scale to try to get our fingers to move smoothly from one note to the next. Each exercise gets a little faster. Go for the Gold!
